**RE: Introducing the MFHA- IPA Medical Malpractice Insurance Program**

Dear Dr

Over the past several months I have been working with a group of medical malpractice insurance professionals to provide you with a viable solution to the rising costs of your medical malpractice insurance. We are pleased to introduce you to our partner, J.M. Woodworth Risk Retention Group, Inc. ("J.M. Woodworth"), a medical malpractice insurance carrier owned by its insured physicians and rated "A, Exceptional" by Demotech.

The exclusive program negotiated through J.M. Woodworth will provide members of MFHA - IPA a group credit not otherwise available. Additional credits may be applicable upon underwriting review.

In addition to competitive rates, our program provides our member doctors with the option of a Claims Made or Occurrence coverage form, and limits of liability up to \$2.3M/\$6.9M with no deductible. Moreover, J.M Woodworth provides risk management services free of charge, including aggressive claims handling with top rated attorneys for your protection. Attached is a copy of their brochure for your review.

I encourage you to contact our program representative, Susan Carrazana of **Compsolutions Agency**, to begin the process of obtaining your formal quote. She will review with you what is needed to move forward. There is power in numbers! I am depending on our members to support this program so we can all benefit from greater premium savings.

The contact information for Susan is below:

Susan Carrazana
